

# Table des matières

Aller à une date précise ..... 1

The screenshot shows a software interface with a calendar. At the top, there are dropdown menus for the month (set to 'mai') and the year (set to '2022'). Below these is a calendar grid with days of the week (L, M, M, J, V, S, D) as headers. The date '4' is highlighted in yellow. A red arrow points from the 'Calendrier' button in the bottom navigation bar to the calendar grid. To the right of the calendar, there is a text box with the following text:

En cliquant sur calendrier, On ouvre une fenêtre qui permet de se déplacer à une date précise.
